This Call for Proposals (Call) is open to civil society organizations (CSOs) and CSO networks based and operating in Albania, Bosnia and Herzegovina, Kosovo\*, Moldova, Montenegro, North Macedonia and Serbia.

The grant program aims to support short-term CSO efforts in raising awareness about the implementation of United Nations Convention against Corruption ([UNCAC](#)) and its thematic areas, as well as about other anti-corruption thematic areas, while strengthening partnerships with local public institutions and the private sector to form CSO-public-private partnership.

Applicants may form a co-partnership/consortium with other CSOs registered in the same target jurisdiction in order to successfully implement the project.

Mobilisation and engagement of the public around anti-corruption topics, especially those related to the UNCAC, will be fostered through the implementation of initiatives that would require establishment of partnerships between the civil society, public institutions and the private sector.

The grant program will support at least 7 CSOs-led anti-corruption awareness raising initiatives, at least one per each jurisdiction from Albania, Bosnia and Herzegovina, Kosovo\*, Moldova, Montenegro, North Macedonia and Serbia.

Grant amounts per project will range from EUR 7,000 to EUR 9,500, with at least 20% co-financing by the applicant.

Implementation of projects should start as soon as possible, but not later than March 1, 2022.

Duration of projects shall range from 8 to 12 months

Proposals may focus on one or more of the following priority areas:

- Raise awareness about the implementation of UNCAC;
- Promote and demystify corruption-prevention mechanisms;
- Educate the public about the whistleblower protection;
- Raise awareness on impact of corruption on gender equality;
- Corruption and its environmental impact.
